Previous Addresses					

Notes - e.g. Rationale for lend, what benefit will it provide, new contracts, any further info

Customer is looking for a new business loan to assist with cashflow and to support the everyday activities of the business. Supreme Ski School Ltd been trading since 1997 and have a wealth of customers and instructors which operate worldwide and have taught over 100,000 lessons. The loan will be used to assist with the cost of acquiring new equipment and instructors whilst helping them to keep their cashflow steady as they will not be receiving a round of funding from investors until September and they have invested a lot of capital into this business and are also hoping to merge the companies into one (Sport Maison Ltd).

They have R&D credits also due into the business so funding is only needed for a short term.

Maison Sport operates as a provider for Ski Lessons around the world whilst dramatically improving the customer experience in finding and booking an independent instructor. The directors all used to be on the British Ski Team with Aaron being an ex-Olympic ski coach so all have a depth of knowledge in this area and know what can work to make this sector boom. The investors in the business are the likes of Kevin Byrne who is the founder of Checkatrade.com and Gareth Williams who is the cofounder of skyscanner.com - Since trading they have done 8 million in bookings, with them offering their services globally in France, Switzerland and Italy.

I have attached all relevant info but if anything else is needed please do let me know. All directors homeowners with clean credit.
