FORTISAT is a business intelligence company whose purpose is to help clients acquire an information advantage and advance their influence in global markets.

They identify, structure and interpret targeted data to deliver leading insights. The Intelligence that is delivered reduces risk, supports decision making, and enhances influence; FORTISAT focuses on delivering actionable information, and advice to support implementation.

Business has 2 income avenues.

One is retainer work – based on their clients who will continue to use their services.

The second is project work. – this can be from new and existing clients.
