ADDITIONAL INFORMATION

WE HAVE PERMISSION TO SEARCH THE DIRECTOR AND A GUARANTEE IS AVAILABLE

We have advised the Customer concerned that searches with a credit reference agency will be made against their Name and Business; they have consented verbally to such searches being carried out.

Client Info: SJC Distribution is a turnkey logistics solution working closely with Amazon. They provide all the necessary training, vehicles and equipment to take anyone new into the industry into being a full-time driver. In addition to this, the leadership team have a combined 50+ years of experience in logistics, automotive and supply chains.

They offer planning of routes with pre-sequenced routes and pre-sorted parcel stacks. The team is supportive in making sure the deliveries are as efficient as possible allowing for greater return per driver and also offering a competitive pay scheme for drivers.

Loan Requirement: the team has grown over the past few years and the turnover is now around £2m per year. The company is looking to expand its team which will account for half of this requirement. In addition to this the company is in the final stages of taking on 3 Shell Self-Employed Franchise sites, this is where they provide the stock, employment and operation of the shell garages and profit share of some of the petrol sales.

By having direct access to their own fuel lines, the company will not only be able to mitigate one of their largest costs, fuel, but will also gain the benefit of profit from 3 shell garages around their area. Expected to expand to 6 within the next year.

ATTACHMENTS

- 6 Months Business Bank Statements
- Latest Full Accounts
