Previous Addresses				

Notes - e.g. Rationale for lend, what benefit will it provide, new contracts, any further info

This is a fire & security business that works with commercial clients. They provide installation, servicing, maintenance and repairs on a wide range of products.

Funding is required as the business has recently experienced rapid expansion. Their 2022 accounts show a turnover of £500,000 and their 2023 accounts will show a turnover of £960,000 when filed. Funding is required to help manage this expansion. The business needs to pay for training courses for new staff but don't want to take this out of their cash flow. When this training is complete, they'll be able to take on more work.

Andrew has clean personal credit and is currently renting his residential property.
