East Anglian services Ltd is a general building firm that is looking for funding for a multitude of reasons. In East Anglian services Ltd industry invoice waiting periods can put a strain on companies finances and restrict them from taking on more big jobs in advance. East Anglian services Ltd money is tied up and they can not afford the materials and labour costs for these big contracts in advance without putting the companies finance in jeopardy. This loan will free up East Anglian services Ltds ability to take on more jobs and grow their company even more with this funding acting as a buffer for this expansion period.
