Notes - e.g. Rationale for lend, what benefit will it provide, new contracts, any further info

The funds are for a new website and some more equipment. Tooling and another vehicle due to expansion. Jordan is a UK homeowner worth £240K with a mortgage of £150K. There is a CCJ on the system but this has been cleared and was in error by the supplier. The supplier refused to send an invoice for them to pay. They expected the customer to just pay based on a figure over the phone. I have included a letter from the courts confirming payment has been made.
