This is a recruitment agency. They primarily provide staff for the private health sector.

Funding is required to expand the business and for working capital. They're looking to open up another branch in a new location. This will require new staff and a new CRM system as they use a bespoke CRM system.

Anjumunara is a homeowner with fair personal credit. Anjumunara has no adverse on her credit file. However, she does have some credit card exposure which she used to kick start the business. Her property is valued at around £350,000 and there is around £200,000 outstanding on her mortgage.

I have attached their last set of accounts and 6 months business bank statements.
