Company Information

J L FOCUS LTD is an engineering and consulting firm based in northern England, servicing clients across the UK. The company designs storage vessels, advises on replacing underground metal pipework, and recommends switching from oil and diesel to LPG for cost and carbon savings. It handles new installations, including trenching, pipework, and meter box erection, and maintains heating systems for poultry and gamebird brooders. J L Focus also tests and certifies pipework, supports grain drying, engages in Bio LPG piping R&D, and designs, supplies, and installs LPG generators to improve running costs and reduce carbon emissions.

Company Financials

Turnover has grown to £269,877.

Funding Rationale

The loan of £30,000 is sought to support J L FOCUS LTD with upcoming contracts. This funding will help the company cover the costs associated with fulfilling the contract, such as purchasing additional inventory or hiring extra staff, ultimately enabling them to successfully deliver on the contract and increase revenue and profitability.
